

Scholars Unlimited Remote Tutoring

At Scholars Unlimited, we are directly addressing the "COVID-19 Slide" by focusing on what we do best- Literacy Tutoring. We are providing laser-focused tutoring in an effort to support our communities that are disproportionately affected by COVID-19.

For more information and research on the "COVID-19 slide" check out our website - www.scholarsunlimited.org

Tutoring Components

Independent Learning

Students work independently to develop critical reading and language skills through individualized, motivating learning paths.

All students, regardless of their skill level, can each work at their own pace and the teacher is notified (on web-based reports and via email) only when they require support.

Teacher Led Instruction

Staff who are trained and badged from Lexia Academy will provide one-on-one or small group instruction specifically surrounding areas where scholars are struggling 2 days a week.

Real Time Data to Drive Instruction

As students work independently in the online activities of Lexia's instructional programs, real-time performance data is collected through Lexia's patented embedded assessment tool, Assessment Without Testing®.

SEL Check-In

Positive Youth Development is vital to support scholars success. During every live session, staff will do a social emotional check and create a fun atmosphere to support learning.
